Government Proceedings No. 1807-20—Muz. F. 162-06-2, dated 25th January 1910, passing orders on the review application of the Swamigalavaru of the Sri Uttaradi Matha *re* claims of certain decree-holders against the Matha and declining to withdraw the temporary attachment of the endowments and their management by Government.

2 Government Order No 2283-97—Muz 386-11-3, dated 25th March 1912, recognizing the succession to the Sri Uttaradi Matha of Vedamurti Seturamacharya under the titular name of Sri Satya Dhyana Tirtha Swamigalavaru.

3. Srimukha No. 1995, dated 30th January 1915, from the Swamigalavaru of the Sri Uttaradi Matha, requesting that the land inams and the cash grant endowed to the Matha may be restored to his possession

4 Correspondence ending with Srimukha No 1039, dated 13th September 1915, received from the Swamigalavaru, stating that the claims of decree holders against the Matha have been compromised for a cash payment of Rs. 34,000 and satisfaction has been entered as regards six of the decree-holders.

Order No. 1129-44—Muz. F. 349-14, dated 11th November 1915.

The Sri Uttaradi Matha at Hole-Narsipur enjoys a cash grant of Rs. 526 a month and has also been endowed with Devadaya Inams having an aggregate beriz of Rs. 6,400.

2. Owing to disputes between the Swamigalu and certain Matha servants and the Civil litigation that ensued, the Government considered in 1894 that the cash grant of Rs. 526 a month payable to the Matha was not open to attachment by Civil Courts and ordered that the amount should be held in deposit by Government and allowed to accumulate. Subsequently, a portion of the cash grant was utilized for the upkeep of the Matha and the Patasala at Hole-Narsipur and subventions from the accumulated surplus at the hands of Government were also from time to time made to the Swamigalu to meet special demands.

3. Again in 1904 the inam villages endowed to the Matha were for reasons mentioned attached and brought under Government management. Briefly these were:—

- (1) That the Swamigalu failed to conform to the Rules of 1892 enjoining that the previous approval of His Highness the Maharaja to successions in the Matha should be obtained.
- (2) That the Swamigalu disregarded and rendered nugatory the judgments of the Chief Court relating to the restoration to their offices of certain dismissed servants of the Matha.
- (3) That the Swamigalu had allowed the alienation of some of the endowment lands and the deterioration of the Matha buildings.

4. In 1906 on an explanation furnished by the then Swamigalavaru a settlement was arrived at and the Government recognized the succession of Sri Satya Gnana Tirtha Sripadangalavaru and sanctioned the payment of certain sums towards the satisfaction of the decretal claims outstanding against the Matha.

5. A review of this order was prayed for by the Swamigalu and in 1910 the Government in modification of their previous order cancelled the payment of the decretal claims from the Matha income but considered that there were cogent reasons why the land inam and cash grant endowed to the Matha should not be restored to the Matha

6. Early in 1912, Sri Satya Gnana Tirtha Swamigalavaru passed away and Vedamurti Seturamacharya succeeded him under the titular name of Sri Satya Dhyana Tirtha Swamigalavaru and the succession was recognized in the order of

No. 1129-44--Muz. F. 349-14, DATED 11TH NOVEMBER 1915.

25th March 1912. The Swamigalu after an extensive tour throughout India is now on a visit to the State.

7. On the 30th January 1915, the Swamigalu addressed to Government the first of the Srinukhas read above, requesting the restoration to him of the cash grant and land mans endowed to the Matha. The Swamigalu further states that a settlement has been arrived at with the decree holders by which their claims against the Matha have been compromised at an aggregate cost of Rs. 31,000, that actually the claims of 6 out of the 12 decree-holders have been satisfied and a sum of Rs. 15,344 paid to them, and that the remaining claims are in course of satisfaction.

8. The compromises are not unfavourable to the Matha and may be accepted as fair to the other parties also. They are the best way out of an *impasse* created by decrees of Courts and a long course of opposition to their execution.

9. Under the circumstances, Government are pleased to approve of the settlement now arrived at, and in modification of their decision conveyed in the order read above, to direct that half the amount of the accumulated income now in the hands of Government be allowed to be paid towards the discharge of these claims. The Comptroller is requested to pay over immediately to the Matha the cash available and to arrange to transfer duly endorsed Government paper sufficient to make up the balance or at the option of the Swamigalu to sell and pay over the proceeds. The balance of the securities will be retained by Government and made over whenever required for any such purpose as may be approved by Government as being of general use to the Matha.

10. Now that the succession of the Swamigalu has already been recognized and the decrees against the Matha satisfactorily settled, Government consider that there is no reason why the attachment of the Matha properties should not be withdrawn. But before handing over actual possession, Government deem it necessary that the Swamigalu should enter into an agreement that he will so take possession of the Matha estates with all claims and liabilities appertaining thereto as they stand at the time of transfer and will have no claims on Government thereafter and that he will not alter any permanent arrangements for the carrying on of the Matha affairs as laid down in the orders of Government noted in the margin without obtaining the previous sanction of Government. The Muzrai Superintendent is requested to have the draft of such an agreement prepared in consultation with the Government Advocate and to arrange after the execution of the same by the Swamigalu to transfer to the latter all the properties belonging to the Matha now in the possession and management of Government. A complete list giving details of values and incomes of properties handed over should be prepared and signed by the Swamigalu or an agent of the Swamigalu and the Muzrai Superintendent and submitted to Government for record.

be prepared and signed by the Swamigalu or an agent of the Swamigalu and the Muzrai Superintendent and submitted to Government for record.

11. This opportunity will be taken to impress once more upon the Swamigalu that the Government consider that the Rules of 1892, requiring the previous sanction of His Highness the Maharaja to Matha successions are according to the established practice obtaining in the State and that no departure from them will be allowed.
